Music by Eddie Harris
Lyrics by Lolita Harris and Yvonne Harris

Don't you hear the music playing?
What you think the music's saying?
Don't you hear the music playing?
What you think the music's saying?

(Chorus)

Get on up and dance x 8

Get on up!
Don't sit on down
Please do something
Just move around
Clap your hands
Stomp your feet
Please do something
Just join the beat

(Chorus)

Get on up and dance x 4

Shaking your head and poppin' your fingers is alright
Are you just gonna sit there and do that all night?
If you're ever gon' learn to dance at all
You just cannot stand around the wall

Get on up and dance - get on up!
Get on up and dance - get on up!
