---

I met this terrible lady  
That really blew my mind  
I asked her for a date  
And she said fine  
I'm going out with that lady  
On a Saturday night  
We're going to a dance  
I'm gonna hold her tight  
I feel so good  
I don't know what to do  
I'll be so happy  
When Friday's through

Everybody, get up and do the stomp! x 6
